

Fall Presentation 2021 | Michael Mooslin, CS

This inspirational online presentation by Michael Mooslin, CS – was developed specifically for RVRN. It is titled, “Seeing the Fellow Saint of a Holy Household.”

Throughout his professional career, Mike has turned to Christian Science for guidance and decision making. Prior to going into the full-time practice as a Christian Science Journal-listed practitioner, Mike served as President and Chief Operating Officer at several publicly held companies.

During that period, he developed a national hiring/training program for individuals with developmental special needs and lobbied in Washington to effectively change the Americans with Disabilities Act (ADA) law so they could earn equitable wages without sacrificing their Social Security benefits.

Enjoy the presentation!
